## Antioch Firemen Had 125 Guests at County Meeting Mon. Night

One hundred twenty-five firemen from Lake county fire departments were guests of the Antioch department Monday evening at a meeting of the Lake County Firemen's association.

They heard a talk by CPO Sampson of Great Lakes Naval Training center on radio-activity detection. He exhibited the radiac detector, an instrument about the size of a large pencil, and too, the Geiger counter.

A film on sabotage and another on self preservation during atomic bombing were shown by Lt. Cmdr. Cecil L. Smith.

William Harrison, Round Lake fire chief, and president of the association, presided at the business session. The organization voted to ask Rep. Harvey Pearson to secure legislation permitting payment to firemen and members of rescue squads for the time spent in recovering drowned persons.

Under the present laws the men can be paid only for services at fires and not for emergencies.

A committee of five from the firemen's association and from the Antioch, Round Lake and Fox Lake rescue squads will confer with Rep. Pearson.

The visitors were high in their praise of the bountiful lunch provided by the Antioch hosts, Chief Edgar Simonsen said.

## Larger Cafeteria Sought For Grade School Along With Newest Addition

### Bond Issue to Be \$350,000; Would Start Building in March

An enlarged cafeteria will be sought for the Antioch Grade school at the same time the new addition for the school is voted upon Dec. 18, the board of education announced following a special meeting Tuesday evening.

"The board thought that with an increase in enrollment it would be necessary to take care of the larger number of pupils in the dining room," said Principal Richard Whitacre.

The kitchen will be enlarged and the west wall will be pushed back 35 feet in providing space that will be nearly double that at present.

Because of the added estimated \$25,000 expense the board has placed a request for a \$350,000 bond issue instead of the \$325,000 originally planned.

Voting on Tuesday, Dec. 18 will be from noon to 7 p. m. in the grade school gymnasium. The voters will be able to go directly to the gymnasium for balloting without disturbing the pupils in their classes, Principal Whitacre said.

Should the vote be favorable, the architect and engineers will be asked to apply for priorities in steel at once so that work on the building can start by March.

In the meantime the architect will prepare a drawing of the new plans to show the people how the new addition will appear.

## Minnie M. Schumacher, 69, Buried in Wilmot Tuesday

Minnie M. Schumacher, 69, Bellwood, Illinois, died Friday, Nov. 23, at 12 p. m. at the Van Gehr Rest home in Bellwood, following a lingering illness.

## Wilmot Child Dies from Fall on Icy Driveway

Cheryl Kay Horton, 5-year-old daughter of Mr. and Mrs. Robert F. Horton of Wilmot, Wis., died at 9:15 p. m. Tuesday in the Kenosha hospital a few hours after she fell on an icy paved driveway in front of her home.

The accident occurred about noon and she was taken to the hospital during the evening suffering from a brain concussion. It was thought that she would rally and death was entirely unexpected.

Cheryl Kay was born Feb. 12, 1946 at St. Catherine's hospital in Kenosha and lived in Wilmot all of her life.

Surviving are the parents, a brother, Robert Bruce, 10, a sister, Bonnie Lynn, 7, the maternal grandparents, August and Ida Krahn, Salem, and the paternal grandparents, William, Sr., and Alice Horton.

## Robert Davis, 12, Shot Accidentally Saturday May Lose His Sight

Robert 12, son of Mr. and Mrs. Chester Davis of the Nick Keller farm west of Antioch, may lose his sight as the result of being shot in the face while hunting with his brother, Ronald, 15, last Saturday afternoon.

The bullets from a 20-gauge shot gun accidentally discharged by the brother struck him in the face. He was rushed to Victory Memorial hospital in Waukegan where blood transfusions saved his life.

Capt. Herman Holbek of the Antioch Rescue squad who took the boy to the hospital, praised the sheriff's office and Waukegan police for clearing the way to the hospital.

The county radio system came to a good advantage, Holbek said. He phoned from the rescue ambulance to the sheriff's office asking a patrol and the deputies met them at Lewis ave. and Glen Flora. The Waukegan police blocked off other arterial streets, and the ambulance raced to the hospital in time to save the boy's life.

It is not known yet whether the sight of both eyes will be lost or not.

Gottlieb Praeger, 36, of 1940 Dean blvd. offered to give an eye or any part of it to Robert.

## Boys, 18, Must Register For Selective Service 5 Days After Birthday

Young men becoming 18 years old must register with the Selective Service board within five days of their birthday, and failure to do so makes the delinquent liable to a penalty, it was pointed out today by Col. Paul G. Armstrong, Illinois State director of Selective service.

However, if a man happens to be away from home at the time, it is not necessary for him to return it was explained. He may register at the nearest local board and the record will be sent to the local board having jurisdiction over his place of permanent residence, even though the latter is in another state. After he registers, it is mandatory that a registrant keep his local board informed of any new address or other change in his status, and this applies after he becomes 26 years of age as well as before.

Col. Armstrong said that non-citizens of the United States here on a permanent basis are required to register at a local board within six months following their date of entry.

**Had Overheated Stove**  
The Antioch fire department was called to Morley's subdivision on the north shore of Lake Catherine Wednesday evening, Nov. 21 in protecting the house from an overheated floor furnace pipe. Chief Edgar Simonsen advised the occupant, Allen Ellen, to have the pipe insulated.

**Will Receive Communion**  
The Altar and Rosary society of St. Peter's church will receive communion Sunday at the 8 o'clock mass. The monthly meeting of the organization will be held Monday, Dec. 10 in the church hall.

## Sequoits Beat Vikings 60-50 and 37-29; Play Barrington Next

### Loss at Wauconda Double Overtime Game 52-49. Freshmen Win

With a neat 60 to 50 victory tucked under their belts through their invasion of Northbrook Tuesday evening, the Antioch High school Sequoits will ride the Barrington Broncos there tomorrow evening in an attempt to break their string of victories.

After a defeat by a close score at Wauconda a week ago yesterday—it was a double overtime game 52 to 49—the Antioch boys came back strong in beating Northbrook.

Floyd led in the scoring, drawing a tie with Landwehr of Northbrook for field goal honors at 10-all.

It was Lubkeman who broke the back of the Northbrook defense in the last minute of play with two field goals that put the game on ice for the Sequoits.

The Vikings led at the first quarter 15 to 13, but the Sequoits finished ahead at the half 31 to 28. A 41-39 advantage was held by the Antioch team at the end of the third quarter but Northbrook staged a rally and tied the score at 45-all in the fourth quarter.

Then the Vikings made the mistake of changing from a zone defense to a man-to-man defense and with a minute to play Lubkeman scored twice and other baskets by Floyd followed. Floyd kept the Sequoits always in the running by his accurate shooting from various parts of the floor.

The starting lineup tomorrow will be Rentner, Floyd, Baird, Lubkeman and Stahmer.

The Antioch sophomores, led by Buchta beat the Northbrook underclassmen 37 to 29. Buchta will be ineligible to play against Barrington tomorrow evening.

The freshmen won their second basketball game of the season beating Grayslake there Friday, 30 to 13. The starting five for Antioch: Fred Clark, center; Benny Floyd and David Cain, forwards; Mike Haviland and Warren Brownlee, guards. The freshmen will play Wilmot freshmen at Wilmot Dec. 3. Paul Kessenich is the coach.

His place will be taken by the Rev. Alfred Henderson, professor at Quigley preparatory seminary, Chicago, who is expected to take charge at masses next Sunday.

Following a custom of the local church, the parishioners made no attempt in the short space of time of this week to arrange a farewell gathering for Fr. Flaherty, but will bring him back later for the event.

## Joe Farrin to Subdivide 100 Acre Farm Fronting on Grass Lake in Spring

Incorporation of the Chain O' Lakes Development Corp., with 200 shares of common stock at \$100 par value and headquarters at Antioch RFD 1 was announced this week by Secretary of State Edward J. Barrett, Springfield.

Joseph Farrin, head of the corporation which includes Victor and Robert Criscuolo as other directors, said that the organization was formed to operate the selling of lots in a new subdivision at Grass lake and Bluff lake roads.

Farrin, a real estate man, said that he is subdividing 100 acres of land bounded by two roads and fronting on Grass lake, the smallest lot to contain one-half acre. Sale of lots will not start until spring, he said. He has already sold some of his property in that area to house a mill supply and hardware store.

**Will Plan Careers Confab.**  
Principals of high schools in the Chicago area have been invited to attend a luncheon sponsored by the Illinois Institute of Technology, which will be held in the lounge of the Student Union building at 33rd and Federal streets.

## Ask Antioch Residents to Give Blood to Unit At Grayslake on Dec. 7

The Armed Forces Blood program under the Red Cross recruitment has scheduled the mobile unit for Grayslake on Friday, Dec. 7.

The unit will be set up in the basement of St. Andrew's Episcopal church, corner of Lake and Park streets.

This location is to serve the people willing to donate blood not only of Grayslake but also of surrounding communities, such as the Round Lake area, Libertyville, Mundelein, Long Lake, Lake Villa and Antioch.

Additional Blood Donor pledges are needed at once to assure the mobile blood unit coming to Grayslake. Blood collected here will be used by the armed forces. A few minutes of your time and a little bit of your blood may save some soldier's life. All blood collected by this unit is turned over without charge to the armed forces who handle the processing and distribution.

Pledge blanks are available in local stores and organizations. Telephone contact may be made to Fr. Jon Smedberg, Grayslake 3-2911 or Mrs. Wayne F. Potter, Round Lake 6-4457. Pledge a pint of your blood for some soldier in Korea who has pledged all of his, those in charge urged.

At a meeting of the West Lake County Ministerial association at St. Ignatius' Episcopal church on Nov. 13, all pastors agreed to inform their people of this opportunity to donate blood. The Rev. Richard Tuttle of the Methodist church and the Rev. Roberts Ehrigott of the Episcopal church urge that their parishioners contact them. Or call Fr. Smedberg or Mrs. Potter at Grayslake.

## Funeral Services for Gerardes Peters Held Here Wednesday

Funeral services for Gerardes Peters, 71, Lake Villa, were held at St. Peter's church at 10 a. m. Wednesday. Interment was in Mt. Carmel cemetery.

Mr. Peters was born April 4, 1880 in Holland. He was the son of Johannes and Katrid Peters. He came to America in 1911 and had been employed at Grady's Resort, Crooked Lake, as handy man since 1942. He was a member of St. Peter's church. He is survived by three brothers and one sister, all of whom live in Weurt, Holland.

### Attendance Records Hit

Attendance records at the Antioch Township High school took a beating during the second six-week period, Principal R. C. Edmundson reported. The opening day of duck hunting season was the cause. There were 556 days of absence in the school and only 121 students were neither absent nor tardy. Freshmen had the best attendance. The attendance was far better than for the same period last year it was revealed.

### Juniors Select Rings

The junior class of the Antioch Township High school placed its order for class rings with the Josten Ring Co., Owatonna, Minn., following a meeting of the committee on selection Tuesday. Members of the committee were Jerry Quilty, Jack Armstrong, Ken Pederson, Dave Petty, Ronald Thorness, Sylvia Beelow, Nancy Cunningham, Doris Peterson, Dolores Braeckman, and Lorraine Stenel.

## Steel For High School Arrives and Work on Addition to be Pushed

### None of New Building to Be Ready Before Early Spring

The steel has arrived. This was the good news that Principal Richard C. Edmundson had to give to the members of the Antioch Township High school board at its meeting last evening.

Steel, the lack of which has thrown the building program for the high school far behind and the shop program of the school out of balance, began coming in by truck from Chicago yesterday and may be expected to come steadily from now on.

H. A. Orth, superintendent of construction for the new high school addition, said that the only thing not yet delivered is the glazed tile.

Re-enforcing steel has been easy to get, but structural steel has been scarce.

Because of the expected cold winter weather the work of putting up the shops will go slowly and they probably will not be completed for use until early spring.

Orth said he would surprise the board in having the gymnasium up afterward in a short time.

"Four walls, a roof and flooring is all it takes," he added with a smile. He assured Antioch that in installing a maple floor as is planned they are getting the best kind of floor for their athletes.

Orth said that the Palatine High school which was started long before the one in Antioch hasn't yet got its steel.

## Lake Villa Grade School To Be Host To County P. T. A. Next Tuesday

## Milk Marketing Meeting At Round Lake Theatre Set For Next Thursday

A meeting on milk marketing, which should be of special interest to the farmers of Lake county will be held on Thursday, Dec. 6, according to Farm Adviser, Ray T. Nicholas.

The meeting will start at 7 p. m. and will be held in the Holiday theatre on route 134, Round Lake.

The theatre was selected as the meeting place, since the Farm Bureau hall is not large enough to accommodate the large crowd expected.

Prof. R. W. Bartlett, dairy marketing specialist of the University of Illinois, College of Agriculture will discuss factors relating to milk marketing, and some of the latest trends in marketing. Prof. Bartlett is one of the leading dairy marketing specialists in this county. He will discuss some of the latest merchandising plans and their effect on milk consumption and prices. This meeting is open to every Lake county dairyman, and others interested in the dairy marketing.

### Collect 20,910 Pounds

The Antioch Grade school patrol boys collected 20,910 pounds of paper in the recent drive for which they received a total of \$104 from Johns-Manville co., Waukegan. It was the largest collection by weight ever obtained, but the price is quite low at present.

Henry Rentner saved the boys money by hauling the paper to the mill at no charge.

The money obtained will be used to provide Christmas trees and playground equipment for all classes in the school.

### The "Little Man" Pays

Economic Intelligence, a publication of the Chamber of Commerce of the United States, points out that our present program of heavy government spending and soaring taxes is threatening the efficient performance and future growth of the American economy.

It is undermining the incentive to work and take risks.

It has reduced the ability and willingness of people to provide venture capital for new undertakings.

It is eliminating opportunity for the individual and for business.

It causes inflation, with loss of confidence in the value of the dollar.

It has led to more and more growth and centralization of government powers.

It has burdened even the low-income groups with a weight of taxation which, up to now, was known only in the days of the greatest despots.

It is a commonplace to justify the ever-increasing tax burden by pointing to the need for a powerful military establishment and for aiding our anticommunist allies. That is a phony alibi. Very heavy cuts in government spending—perhaps as much as \$10,000,000,000 a year—could be made without harming a sound arms or aid-to-Europe program in any way. This is the money which is being wasted on projects which are either totally unnecessary, or which could be indefinitely postponed.

Today it is the "little man" who must bear the main burdens of taxation. He, and he alone, must pay for the bulk of any new tax increases. It remains to be seen whether he will continue to let the government waste his money by the billions—while his take-home pay shrinks and shrinks because of the tax collector.

### The Consequences of Socialism

What would happen if the government took over all the electric power producing and distributing resources of the country—which what an entrenched

group of socialist-minded politicians obviously is planning for?

The president of one of our business-managed utility companies recently gave his answer to that question with these five simple statements: "Electric customers would get less service at higher cost. Employees would be less free to progress, to invent, to grow, and to draw good pay. Investors would lose their right to a fair profit upon the money they have invested in this business. Everybody would pay higher taxes, higher rates, or both. The government would soon move to take over other industries."

Thorough-going surveys have proven beyond doubt that the "cheap power" rates charged by public plants are the result of tax-subsidization and tax-exemption, and that when all costs are honestly figured the rates of the publicly-regulated, heavily-taxed private utilities are lower. The heads of a number of labor unions have protested that the socialized power systems often pay less, give their workers fewer benefits, and are more likely to pursue unfair labor practices than private utilities. And when the bureaucrats get a stranglehold on one business, they just can't wait until they get hold of another.

Socialism is a milder version of communism. It destroys the basic freedoms, as it bleeds the people white to pay extortionate taxes.

### THE LOW DOWN FROM HICKORY GROVE

Today I venture out—and almost alone, she looks like—and invite a hurricane of abuses and criticism from the holy-toity in the education business. You go to work and say something derogatory about education, says Henry—and you will wake up a dead duck. Well, I say, I am not against education—I am for same—what I am about to say has to do with how we are going about it—maybe taking in too much territory, or what. Like leading a horse to water—you don't educate many against their will—you are donating your time and money.

With the ill-manners that now prevail throughout the land—with our inability to recognize ability and elect stable individuals to high office, it behooves us to ask how-come. We are turning out no better—if as good—citizens via our ultra modern expensive methods. The management of U. S. A. affairs today does not come within gun-shot of the type of management displayed by the pioneers of the original 13 states.

Free education sounds wonderful—but many things that are completely free are not so highly appreciated. Swimming pools, auditoriums with grand pianos, free lunches, free rides to school—these free things don't breed ruggedness and self-reliance. I am trying to find out why this U. S. A. bears so little resemblance to our U. S. A. of 50 years ago—find out why the idea has crept in that Govt. should be the great I AM from the nursery to the mortician—trying to find out if the teaching at the school house has anything to do with our growing softness.

Yours with the low down,  
JO SERRA

With all the talk of Presidential candidates, why not read "Your Presidents from 1789 to 1947"?

If your wife has a job for you around the house, why not get some help from "The Complete Handy Man's Guide," and when these jobs are done, settle down to a good evening's reading with some of the late fiction from the shelves of your library.

For the months of December and January the library will be open on Saturday afternoons from 2 to 4:30 and on Saturday evenings from 7 to 8:30.

Word was received this past week from Philadelphia stating that the Methodist Church of Antioch would receive a grant of \$4000 from the Board of Missions and Church extension of the Methodist church.

I believe that the board feels that there is dire need for such a gift here. Our financial troubles do not end with this gift. We must continue to drive to eliminate any indebtedness which has developed because of our new building. ## Arabian Nights Tale To Be Presented at Grade School Saturday

Mystery, adventure, and oriental splendor will be found in the four-act melodrama of Ali Baba and the Forty Thieves from Arabian Nights Tales to be presented by the Pedal Marionettes at 1:30 p. m. Saturday of the Antioch Grade school auditorium.

The entertainment is sponsored by the Lakeland Players.

The story is of a poor wood-gatherer who discovers a cave where robbers have hidden gold, precious jewels and wealth untold. A magic word rolls aside the door of the cave and upon learning this Ali Baba steals the wealth and the robbers are caught.

The Pedal Marionettes are a departure from the traditional marionettes operated from above by strings. No strings are visible and the life-like figures seem to move under their own power.

Mr. and Mrs. Jess Coffey operate the many figures, give vocal characterizations and give the dialogue from memory.

YOUR HOGS KNOW  
WHICH CORN  
IS BEST!

## Try This Simple Test

Just dump a bushel of Lowe Hybrid in one corner of your feedlot and a bushel of any competing corn in the other. See for yourself how the hogs (steers, too) always head for and definitely prefer Lowe's rich, palatable, soft starch that puts on the profitable pounds so fast. And the protein count is so high that you will save enough in feed supplements to pay for your seed corn each year!

SAVE \$1.00 PER BUSHEL ON SEED  
Additional big savings can be made by ordering Lowe Hybrid seed before December 1st. Just make a deposit of \$1.00 per bushel and when the seed corn is delivered, another \$1.00 per bushel will be deducted from the total price. Additional seed needed in the spring will be subject to the same generous discount. Write today for folder and name of nearest dealer.

### Lake Villa Church Joins Worldwide Bible Reading

Among the thousands of churches which will cooperate with Worldwide Bible reading, Thanksgiving to Christmas, is the Lake Villa Community church according to the pastor, the Rev. R. E. Harrison.

Millions of Bible readers in many languages join in using the same selected list of Scripture passages for this period of approximately one month. President Truman annually heads up a national committee of laymen who sponsor the movement.

Additional observance of Universal Bible Sunday is being planned for Dec. 9, Mr. Harrison said. Promoted by the American Bible Society, this day is intended to emphasize the primary importance of the Bible as a factor in the life of our nation and the work of all churches.

Mr. Harrison said that he expects to distribute 300 of the reading lists and that interest in this runs high throughout the congregation of the Community Methodist church.

### Will Attend Conference On Teaching Citizenship

Principal Edmundson will serve as consultant.

**Attend Communion Breakfast**

Ninety-two men attended the communion and 54 remained for breakfast at St. Peter's church recently under an arrangement of the Holy Name society. President Anthony Scully appointed a nominating committee composed of Ed Sletten, chairman; Dudley Kennedy, Ed

Cranley, Dr. L. V. Madden, and Rudy Eckert, to propose officers of the society for the coming year. The election will take place at the next meeting, Dec. 9.
